### EXPERIENCE

#### VR UX Designer - Side project

January 2022 - Now, Remote

I lead the product design of a VR metaverse-NFT project founded by an ancient Chanel Interior Designer.

#### UX Designer - Woo Network

March 2021 - December 2021, Taipei

- Responsible for global User Experience of WOO X desktop and WOO X mobile,
- Developed complete UX flows, edge cases and interaction details to showcase my design to PMs and other teams,
- Proposed and designed user-centered experience solution based on user research and design assumptions: "quick-win" mindset driven,
- Worked closely with Product, Client Support, Business Development and Marketing teams,

#### UX Designer Consultant - Human Design Group

August 2019 - January 2020, Paris

- Helped top french companies in improving their IHM system,
- Collaborated with Engineers to gather product requirements,
- Analysed both qualitative and quantitative data from user research,
- Produced both low-fidelity and high-fidelity prototypes,
- Presented design solutions to key stakeholders and project's manager,

Human Design Group is leading french ergonomic consulting.
